Tax-free childcare

We are a registered provider with Tax-Free Childcare, a government scheme which helps with the cost of paying for childcare for eligible families. For every £8 you pay into the account, the government will top it up by £2. For more information see the government website via this link <https://www.gov.uk/tax-free-childcare>

Universal Credit

Families who receive universal credit may be able to claim back part of the costs of paid nursery fees. We are able to provide receipts for payments received on request. Please email admin@crossleymillnursery.co.uk to request a receipt.

Consumables

At Crossley Mill our aim is to provide children attending with a healthy, well-balanced diet with food that is nutritious, home cooked and well prepared, that meets our children’s dietary and development needs.

All parents are asked to pay a voluntary contribution for consumables where applicable. This helps to cover costs not covered by government funding, such as food, and other non-food consumables such as suncream, wipes, tissues, hand sanitiser, disposable gloves, extracurricular activities, and additional teaching.

Should families choose not to pay the voluntary contribution towards consumables, you will be provided with a list to show what items you will need to bring for each funded day. This list will included non-food consumables, as well as snacks / lunch / tea which meets our vegetarian ethos and dietary requirements.
